

Besides, we are **asked** to bring **dictionary** to **school** tomorrow because we have a **spelling bee** *competition. All of us **are** ***divided into** several **groups**. Each **group** will *receive a **word list** tomorrow, and we have **an** hour to **look up** the **dictionary**. The **rule** is to **spell** the **words** correctly before the **bell** rings. No one is allowed to **cheat**. I think it will be exciting.

此外，我們被要求明天帶字典來學校，因為明天有一個拼字比賽。我們所有人都將被分成不同的小組。每個小組明天都會收到一個單詞表，我們有一個小時的時間可以查字典。規則是在鐘響之前正確拼出單字。沒有人被允許可以作弊。我認為這個比賽令人興奮。

My favorite **subjects** **at school** are **math**, **PE**, and **history**. Although our **math teacher** always sets a lot of **homework** and gives us **tests** before each **lesson**, I still love to **learn** it. *Instead, I hate to **learn languages** such as **English** and **Chinese** because these **courses** are too boring. But I still **study** hard because I **know** that it is important to have **language** *abilities. In **fact**, there is no **excuse** for bad learning.

我在學校最喜歡的科目是數學，體育和歷史。儘管我們的數學老師總是出很多作業，並在每節課開始之前給我們考試，但我仍然喜歡學習數學。相反地，我討厭學習英語和中文等語言，因為這些課程太無聊了。但是我仍然會努力學習，因為我知道擁有語言能力很重要。事實上，沒有任何學習不好的藉口。
